

MAPS Counseling Services and Antioch New England University present

Maria Sirois, Psy.D.

*The Great Flourishing
Life: The Potency of
Resilience*

With only one opportunity to create an engaged, meaningful, generous, passionate life, how can we flourish, even in the presence of suffering? Psychologist Maria Sirois will guide us through wisdom from the mytho-poetic traditions, mind-body medicine research, positive psychology, and spiritual inquiry. We will leave the evening with knowledge, tools, inspiration, and a thrumming heart.

An inspirational speaker, Dr. Sirois has practiced in mind-body medicine, illness and spiritual inquiry for nearly twenty years. She has been a keynote speaker throughout the country. Her book, *Every Day Counts: Lessons in Love, Faith and Resilience* is a teaching tool at Dana-Farber Cancer Institute in Boston, MA. For more information about Maria, visit www.mariasirois.com.

**Monday, November 9, 2009, 7 PM
at Antioch New England University
40 Avon Street, Keene, NH**

This presentation is offered free to the public.
